## QUALITY CERTIFICATES

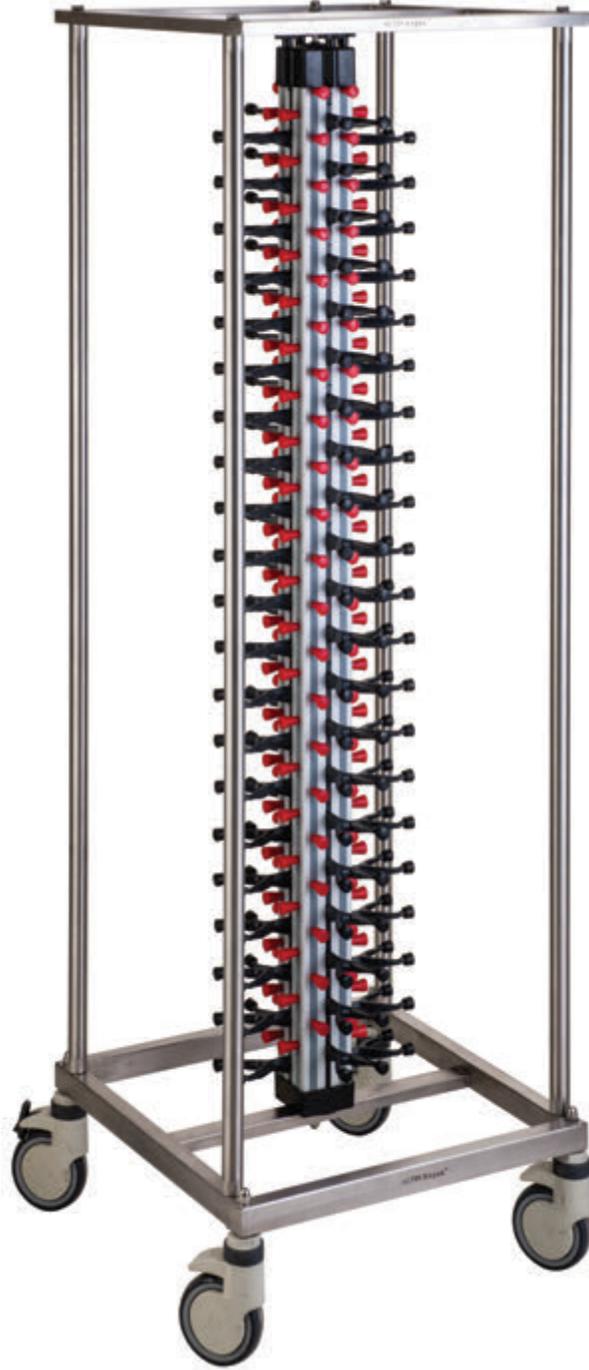

## SERVICE-AID

Fork Pod specially designed to hold large plates.  
(up to 32 cm)

Palace Model

Art No  
462 02

DIMENSIONS

185 x 70 x 60

PRICE

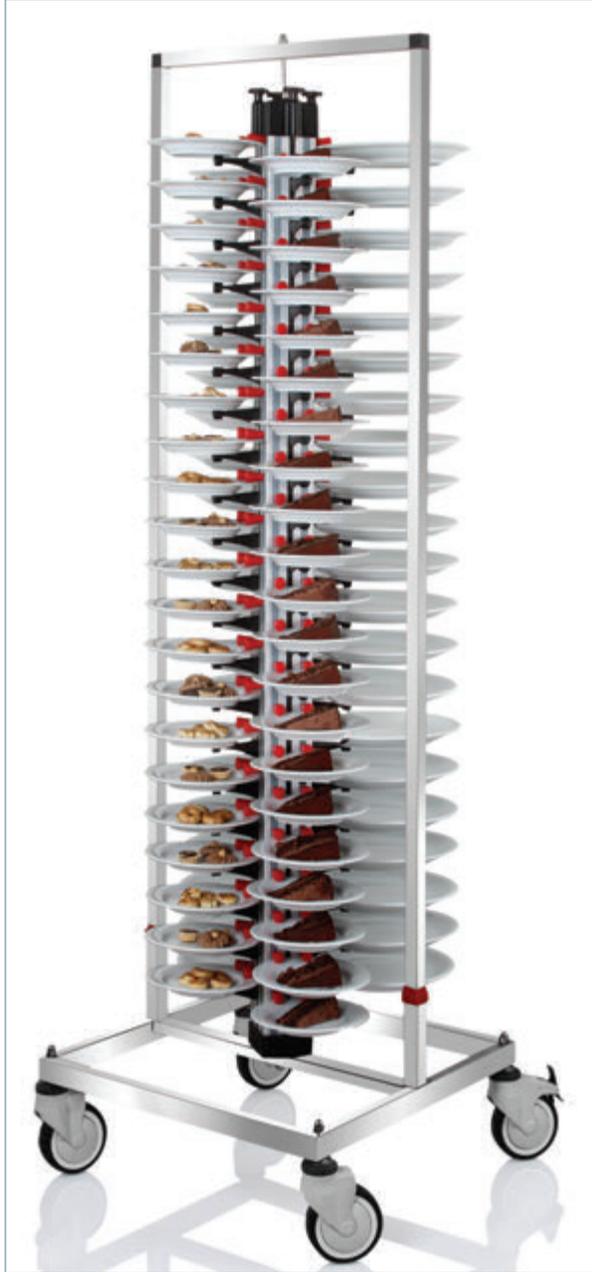

827.59 \$

### Technical Features

- SERVICE-AID helps saving space, time and labour.
- SERVICE-AID is suitable for Hotels, Restaurants, Dormitories and Catering Firms.
- SERVICE-AID can hold up to 84 plates in various sizes.
- SERVICE-AID can hold plates in four different shape and size with its four-side separately adjustable feature.
- SERVICE-AID ensures safe and easy servicing with its strong and well-built Stainless Steel frame, Aluminium rail mechanism and sturdy casters.
- SERVICE-AID is easy to use, reliable and washable thanks to the materials used.
- SERVICE-AID is completely MADE IN TURKEY.
- SERVICE-AID is a Patented Product

Standard Model

Art No  
462 01

**2-pole, Stainless Steel  
Frame, Fork Pod**

DIMENSIONS	PRICE
185 x 70 x 60	568.97 \$

***Fork Pod specially designed to hold  
plates in balance (up to 28cm)***

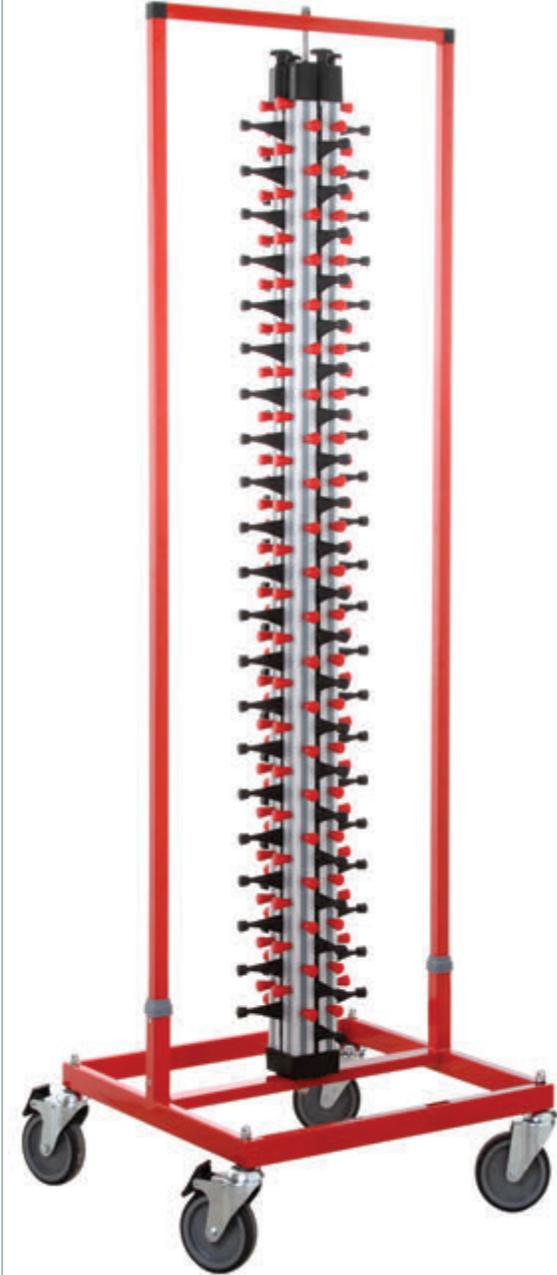

**NEW  
MODEL**

*In this revised Standard Model  
fork pod is used. Fork Pod enables  
ultimate balance performance.  
It is suitable for plates up to  
28cm in diameter.*

Economical Model

Art No  
462 00

2-pole, Painted Metal Frame

DIMENSIONS	PRICE
185 x 70 x 60	379.31 \$

Protective Cover

Art No  
462 20

Suitable for Health Standards,  
fits all the models

DIMENSIONS	PRICE
175 x 73 x 63	172.41 \$

*Protective Cover fits the Palace Model  
without any extra apparatus. To use  
with the Standard and Economical  
models, an extra apparatus is needed.  
Apparatus is priced separately.*

**IMPORTANT**

#### Technical Features

- High Quality Stainless Steel Interior
- Aluminum center core
- Copper Exterior
- AG5 Special alloy rivets and brass handles

#### Product Information

- With its Triply Clad Metal Structure this product combines:
- The esthetic and heat conduction properties of copper
  - The excellent heat dispersion properties of aluminum
  - The esthetic, healthy and ease of use properties of stainless steel

### Advantages of Multi-Metal Pans

- With the aluminium centre core covering the whole body, it ensures quick and even heating.
- Unlike capsule or sandwich bottomed traditional steel pans, it has life-long durability.
- With its High quality Stainless Steel Interior Surface it guarantees healthy cooking.
- With its Magnetic Stainless Steel Exterior Surface it is suitable for all cooktops including Induction hobs.
- Dishwasher safe.

### Technical Features

- High Quality Stainless Steel Interior
- Aluminum center core
- Magnetic Steel Exterior
- AG5 Special alloy rivets and ergonomic S/S handles

----------	----------------	-------------	-----------------

Wok Pan

Art No  
205

36	1.5	9.5	86.21

#### Technical Features

- 430 Quality Stainless Steel Body
- AG5 Special Alloy Rivets and Stainless Steel Handles
- Suitable for all Induction wok cooktops.

#### Product Information

##### What is induction ?

Unlike the traditional electrical cooktops, induction cooktops generate heat in the cooking vessel itself by means of magnetic transfer. The surface of the cooktop does not heat and therefore is more economical than the traditional electrical cooktops. Only the cooking vessels which have ferromagnetic properties can be used with induction cooktops.
