

Who we are

Aras Metal is a privately held company with more than 50 years of experience in manufacturing galvanized home décor, gardening, floral and tabletop articles.

In its early years, Aras Metal's production was limited to galvanized pots, pans and buckets that aimed to meet mainly the needs of domestic households. Aras Metal evolved in the mid 1980's as the company expanded its product range to include a wide selection of gardening and floral articles to satisfy the international demand as well. Introducing home décor and tabletop assortments in 2000's, Aras Metal's product range reached almost a thousand different products. Today, Aras Metal exports over 90% of its production to nearly 50 different countries. USA, Japan and Europe with France, Germany, England, Italy being major buyers; Aras Metal is expanding its distribution all over the world and becoming a global company.

The management, now in the hands of the second generation, has combined the individual touch of artisan handcraft-type production with modern techniques to offer gardening and floral items not only in standard galvanized version but also in other appealing finishes like copper plating, distressed metal, hot dipping, powder coating or decal transfer & offset printing. All production and finishings being made in-house, Aras Metal is generating dozens of new collections every year in order to serve its valued customers with fresh new ideas.

In 2014, Aras Metal factory doubled its production premises and serves now over 7500 sqm closed and 4000 sqm open area. Our factory & office location in İstanbul/Turkey, very close to the airport and the seaport, makes it very convenient to visit Aras Metal showroom.

Today, Aras Metal is proud of becoming a worldwide leading brand name in the field of galvanized metal products with its large collection of stylish & high quality articles and over three decades of international trade experience.
