FLATWARE

Alain and Dominique Vavro

*A DESIGN
AESTHETIC
REVERED IN THE
WORLD'S LEADING
HOTELS AND
RESTAURANTS*

Leading designers, Alain and Dominique Vavro live in the delightful French village of Collonges au Mont d'Or close to Lyon on the banks of the River Seine. Whilst tiny, the village is renowned around the world as home of legendary gastronome, Paul Bocuse's 40-year old, three Michelin-starred restaurant, *l'Auberge du Pont de Collonges*. It was here that the Vavro's first began to make a name for themselves and their tableware.

Over the years, Alain and Dominique have created many outstanding crockery and cutlery collections which now grace the tables of leading hotels and restaurants across Europe and the Middle East. In specially designing four sets of flatware for WNK, the Vavros are taking their creative flair to an entirely new level.

ALBA

follows the image of current lifestyles but is inspired, for the knife in particular, from blades forged by primitive peoples. Its authentic simplicity makes it a warm and friendly choice. Its intuitive design links traditional character and futuristic lines.

ALBA

à l'image de l'art de vivre actuel, mais inspiré pour le couteau notamment, des lames forgées des peuplades primitives. Sa simplicité authentique en fait une gamme conviviale. Son design intuitif est le lien entre caractère de tradition et ligne d'avenir.

JAVA
tells a story...
The movement of its rounded lines
evokes positive and energetic values with
a knowing wink at Baguette, the great
classic, which has been used for over a
century. This vigorous, streamlined and
generous style adds a touch of timeless
balance to tableware.

JAVA
nous raconte une histoire...
Le mouvement de ses lignes rondes évoque
des valeurs positives et énergisantes en
clin d'oeil au grand classique "Baguette",
utilisé depuis plus d'un siècle. Ce style
vigoureux, épuré et généreux confère
aux couverts une touche d'équilibre
intemporel.

TOGO Line

Our aim here was to imagine the design of a playful and timeless line. The energetic, flowing curves of the tableware suggest a cuisine that is eclectic, living and without frontiers. Elongated handles on the cutlery provide comfortable, easy use.

Gamme TOGO

Notre volonté était ici d'imaginer le design d'une ligne ludique et intemporelle. Les couverts aux courbes fluides et énergiques induisent la notion d'une cuisine éclectique, vivante, et sans frontière. Les manches des couverts aux formes allongées sont adaptés au confort de l'utilisation.

NEMO Line

Our design is oriented toward a search for a simplified and graphically pure shape. Cutlery is restrained and fits in with the concepts of a cuisine that is contemporary, fresh and creative. The broad flat area on the handles enables getting a firm grip on the cutlery.

Gamme NEMO

Notre design s'est axé sur la recherche d'une ligne simplifiée, graphique et épurée. Les couverts, stricts, s'inscrivent en accord avec les concepts de cuisine contemporaine, actuelle, et créative. Le large plat des manches contribue à une bonne préhension des couverts.

WNK INVITES YOU TO DISCOVER A NEW DIMENSION IN FLATWARE

To be truly exceptional, flatware must not only look stunning but also sit perfectly in users' hands, providing meal after meal and year after year of perfect service. In satisfying the first of these criteria, WNK's best-selling flatware finishes are sure to appeal to the most refined tastes.

The secret behind these popular additions to our range is Ion Plating. A top quality environmentally-friendly vacuum-coating process, Ion Plating leverages ultra-advanced Physical Vapor Deposition (PVD) technology.

Copper Rose Mirror

Highly ionized and very condensed, the vapor produced by PVD equipment is applied to a metal substrata in a vacuum chamber. The exquisite end result is a coating of unparalleled brightness and durability.

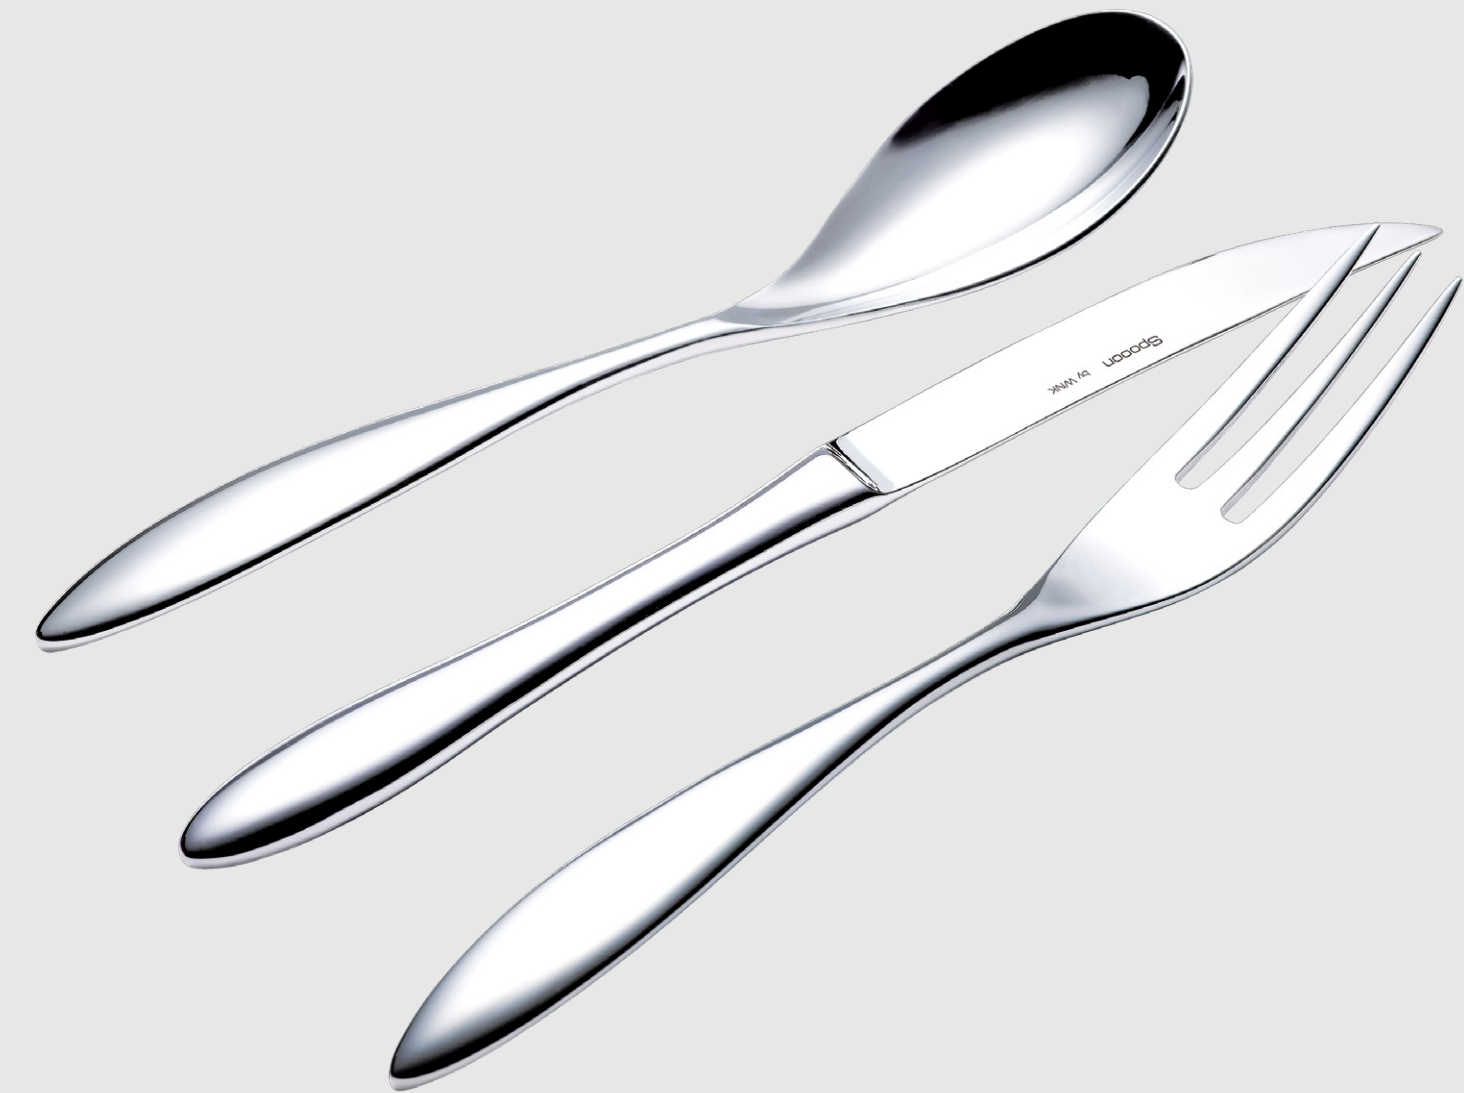

We are now proud to offer you a unique opportunity to enrich your table settings with superb finishes using this remarkable technology.
